Subject: Clayton G. Loosli, M.D., Ph.D., University of Southern California, Los Angeles
Renewal application No. 573BR2
"The effects of Fresh Cigarette Smoke Inhalation on the Respiratory Tract of Mice"

History

As you know, this line of investigation has been supported by CTR since 1966.

The request is for approximately $182,000. Dr. Loosli earlier estimated for this year $112,000. He states his reasons for suggesting expansion of the program at this time.

Document Submitted

Attached is a copy of the application dated January 24, 1973.

Dr. Loosli says a progress report will be provided early in February. At that time a copy will be forwarded to you.
